# SCHLESINGER QUITS AS AID OF LASKER

General Counsel of Shipping Board to Join Law Firm Here September 1.

pecial Dispatch to THE NEW YORK HERALD.

Announcement was made to-day by
. D. Lasker, Chairman of the Shiping Board, that he had accepted the
signation of Elmer Schlesinger of Chiago, for more than a year general
ounsel for the board. Mr. Schlesinger
ad been considered one of the ablest
feutenants Mr. Lasker had in unrayel-

ago, for more than a year general ounsel for the board. Mr. Schesinger and been considered one of the ablest Lieutenants Mr. Lasker had in unraveling the tangled affairs of the Government merchant marine.

The resignation is to take effect Sepember 1, when Mr. Schlesinger case of the Southern Pacific and Cannary Islands must be specially addressed by a Plymouth and Cherbourg; also parcel post mails for Gerat Britain, Ireland, France and the countries mentioned marking the tangled and Levy of New York, and Stanchfield and Levy of New York, as well immediately take part in the unmerger case of the Southern Pacific and Central Pacific Railroadis, Mr. Schlesinger had been for many cars a partner in the firm of Mayer, also parcel post mails for Gerat Britain, Ireland, France and the countries of the Southern Pacific and Central Pacific Railroadis, Mr. Schlesinger had been for many cars a partner in the firm of Mayer, Austrian and Platt of Chicago, In announcing his departure from the shipping Board he stated that the recent death of Levi Mayer was partially responsible for his decision to onter private business at this time.

Mr. Schlesinger came into national rominence recently when, on his address. Chairman Lasker ruled that vesels of the Shipping Board could dispense liquor outside the three mile limit, In his letter of resignation Mr. Schlesinger declared that the work of putting Board in order had been accomplished—a task which he stated would have been impossible had it not been or the support of President Hardins, Chairman Lasker and Attorney General Saugherty. The chaos in the legal department of the board when he took it ver, Mr. Schlesinger declared, was "beyond human comprehension."

My DEAR LASKER:

It is with a heavy heart that I am compelled to hand you my resignation of the properties of the support of President Hardins, Chair and Cherbourg (and Charles and Finland, Specially addressed overspondence) via Naples, str PATRICAL II 130 AM.

Esthonia and Finland specially addressed via Liverpool); by mail

partment of the board when he took it over, Mr. Schlesinger declared, was "beyond human comprehension."
Following is his letter of resignation:
MY DEAR LASKER:

It is with a heavy heart that I am compelled to hand you my resignation as General Counsel of the United States Shipping Board, to take effect September 1st. It was my earnest wish and desire to lend what little assistance I could to you and the Shipping Board in your noble effort to establish an American Merchant Marine until that task should have been completed. Unfortunately, personal considerations have made that impossible. Your genius and undanned courses and management and merchant devices and management and daunted courage and unflagging energy have been a great inspiration to me. Surely, if the task you have set for the country and for yourself can be accomplished by any human agency, you will succeed in it. My regret at leaving is somewhat tempered by the fact that I truly believe those I am leaving behind me are fully competent and able to carry on the work of the legal department of the United States Shipping Board. I need not add that you have only to call on me at any time in the future for any assistance which I can ture for any assistance which I can give. I have the very deepest feel-ings of affection not only for yourself but for the members of the Shipping Board and of the Emergency Fleet Corporation, with whom I have toiled shoulder to shoulder during the past year.

Yours very truly, ELMER SCHLESINGER,

### **CONGESTION DELAYS** COAL SHIPPING TO U. S.

British Docks Not Equipped for Rush Orders.

The congestion of shipping awaiting coal cargoes at English and Weish ports has reached such a point that delays in loading of from four to five weeks may now be expected, according to advices reaching marine circles yesterday. Shipments cannot be assured of delivery within a reasonable time unless special berthing arrangements have been made with the colleries.

British coal export facilities have been strained to the uttermost limit by the demand from America, which comes at a time when shipments are being demanded for various points in Continental Europe, the West Indies and South America.
